## ABOUT US

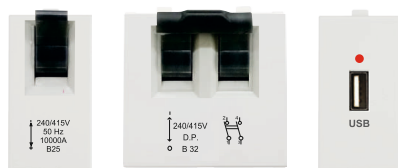

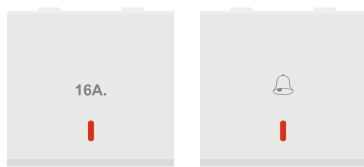

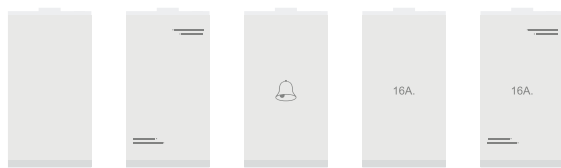

**CHERISH ELECTRICALS** it has been a saga of transforming innovative ideas world-class products so much so, that the company dominates the market place. **CHERISH ELECTRICALS** has always been associated with quality, superior technology & aesthetic appeal since its inception. We are proud of demanding standards of research, design, engineering & manufacturing that go into each & everyone of your product. All our series are BIS approved ISI marked. We are committed to provide the best to our customers. 'Provide customer with the precise product he wants.'

After all since inception, 'customer first' has been the core philosophy at **CHERISH ELECTRICALS**. Which is why the company has been growing rapidly & has emerged as one of the premium brands in the Indian market, within a short span. Today we can proudly say that we have become a household name & achieve excellence in customer convenience by working on three mantras - "Innovation", "Quality" & "Efficient Service" to support it. Collectively making it the most renowned & moving very close to its vision of becoming a leader world wide.

AT **CHERISH ELECTRICALS** quality control is not a process but a way of life. In fact it is backed by minute-by-minute monitoring. Each & every piece from each batch here undergoes stringent quality control at every step. What's more? The testing is done in hi-tech laboratory. Proof of our adherence to quality process lie in the many certification awarded to by almost all the leading standards of the world like the converted ISO 9001:2015 Certification from the direct assessment services UK. Plus certifications by the bureau of India standards, the CE (European Standards), these accreditation's not only guarantee the quality of our product but also inspire us to set higher standards of quality through continuous research & development.

Bring in the future  
OF ELECTRIC Switches.

# art of living

Innovative design can both be a break-through product or service,  
and a redesign of an existing product or service.

A break-through product adds a before unseen value and function to the market  
and the user, while a redesign improves an existing product.

A multi-product electrical organization established in 1973. We offer a wide range of products, which include a variety of Electrical switches, luminaries, mcb's, switch gears, flex boxes, door bells & other accessories and appliances. All our Products are certified by ISI and tested & approved by regional test centre ministry of Indian Government of India.

Our extensive range of electric safety switches and electrical products is highly valued in the domestic market. Low power consumption, dimensional accuracy, proper oscillation and ease in operation are some of the features that make our range widely demanded amongst our clients.

Our client-centric approach has helped us to satisfy our customers in every possible way.

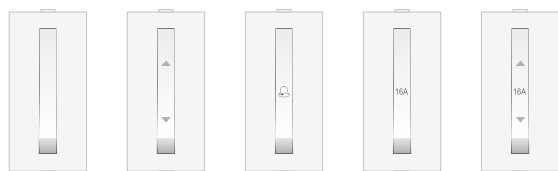

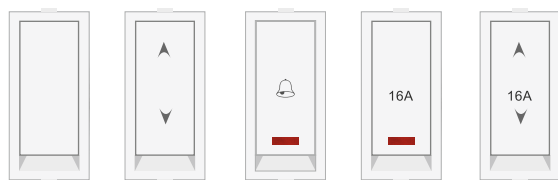

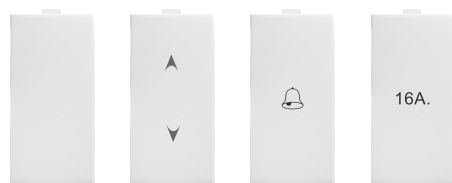

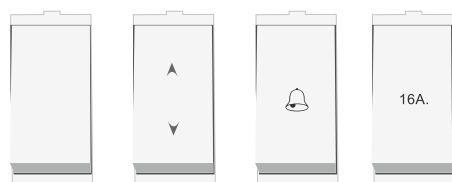

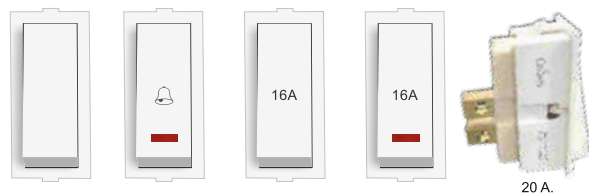

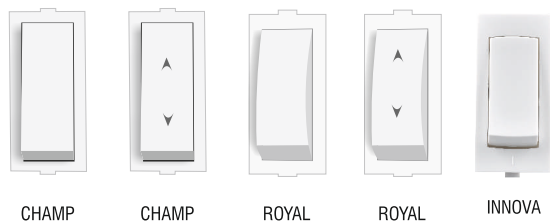

We promise our treasured customers our solid faith in 'letting go no expense to achieve quality' as part of our responsibility towards creating effective solution products.

**Innovative  
sustainable  
lighting  
solution**

## **junction**

SMD downlights are covered with a frosted reflector which hides the LED chip array and spreads the light evenly. SMD downlights produce a wide spread of light. It floods light everywhere which in turn means there is a higher glare.
